

Dear Principal Haynes and the staff and students of Kenmore State High School,

s.p.a.c.e would like to say thank you for your fundraising efforts in support of our charity. Your ongoing commitment to the development of s.p.a.c.e is inspiring.

We believe that it is important to show that your efforts are appreciated and valued. To do this s.p.a.c.e is offering 50 Kenmore High School students from grades 8 through to 12 an opportunity to become involved in a community conference called "What Do YOUth Think? Hosted by s.p.a.c.e, at the Kenmore Branton St Hall, the conference is about showcasing and teaching skills in little "I" leadership. Little "I" leaders are young people who are willing to listen and work together on new ideas that will make the world they live in to be a better place for everyone.

Facilitated by some of Brisbane's leading social innovators, young professionals and volunteers the conference will take place over the weekend of October 23rd and 24th. The students will enjoy 2 full days of workshops and speakers not to mention a VIP invitation for themselves and their families to a celebration event launching the conference on Friday night the 22nd of October.

We are asking Kenmore High staff and students to nominate those members of the school community who you believe would benefit from an opportunity such as this. Ask yourself:

- Who needs inspiring?
- Who could grow from this experience?
- Who is up to something great?
- Who could use a boost to their self esteem?
- Who is an unlikely leader in the school community?
- Who puts themselves before others?
- Who could do with a young and optimistic role model?

Your answers to these questions will shape the group of little "I" leaders who attend What Do YOUth Think? Deadline for the Top 50 is Friday October 1st.

Thank you again for inviting s.p.a.c.e to be part of your school community. We are excited to give back and invite you to become part of our inclusive community.

Best wishes,

*Alissa Phillips*

CEO of Specialised Programs And Community Endeavours.
